As Knights, we have many opportunities for projects in the Church category. This past year the following Church project proved to be one we are most proud of. It was brought to our council business meeting as a request from our parish Priest. The parish life center was in need of being updated by painting the interior and we were asked to volunteer our time and effort to this worthwhile undertaking. We discussed it and agreed to this monumental task.

One of our brother Knights volunteered to spearhead this project. He assigned Knights and organized designated days and nights that the membership would come together and paint. He was also responsible for purchasing and storing the paint and supplies. It seemed the lights were on at the life center three nights a week and on weekends. Many times possible Knights recruits participated which gave an opportunity for potential members to get to know the Knights and see us in action. This project carried over a full month and involved effort from various Knights and their families. A point to mention is that the project occurred and was completed while our parish Priest was on vacation. He returned with a fresh interior. He is still very appreciative. In total 25 Knights dedicated over 300 hours of time to complete the painting project.

This project not only updated the appearance of the building but most importantly brought Knights together for a common cause. Many evenings food was prepared and fellowship prevailed. Once completed, the parish has enjoyed the fresh look and feel. Parish members continue to complement the work done. Overall, this project contributed to the Church and saved our parish a large expense. This project is another example of Charity, Unity and Fraternity within our council.
